## RIESLING

*Alsace in France - close to Germany - makes delicious dry, peachy rieslings, with a tingly, brilliant acidity; German Mosel styles are light-bodied, full of fruit flavour and notes of honeysuckle, Thai basil, even pineapple. Great with many of our entrees, and Lamaro's signature duck curry.*

2020	Max Ferdinand Richter Estate	Mosel, Germany	100
2020	Dr. Loosen Riesling <i>Spätlese</i>	Mosel, Germany	120

*Clare and Eden Valleys have been the mainstay of Australian riesling. Eden riesling has, as a rule, more elegance; floral perfumed, more pronounced acid. Clare shows more of a citrus-y spectrum with a softer, even 'talcu' acid.*

------	---	------------------------------------	----

Lyons Will Estate

*The regal, family-owned Lyons Will Estate in the cool-climate Macedon Ranges focuses on varieties that flourish in that environment (see p.noir and gamay), these rieslings are lightly fined, showing complexity and texture overlaying the delicious primary fruit flavours.*

## AROMATICS

*Made from wine fruit that impart an aromatic aroma.*

### GRUNER VELTLINER

*Gruner Veltliner is a slightly peppery, mineral-cored white with bright acid. Hailing originally from Hungary, its green apple and bright acid grows marvellously as well in Tasmania, parts of southern mainland Australia and New Zealand.*

2020	Fritsch	Wagram, Austria	90
2018	Saint Clair	Marlborough, New Zealand	80
2023	Longview Macclesfield	Adelaide Hills, South Australia	70

### GEWURTZTRAMINER

2018	Schieferkopf Gewurztraminer Trocken Sec	Pfalz, Germany	80
2021	Hanging Rock The Jim Jim Three Gwrzt/Gris/Rsl	Macedon Ranges, Victoria	90

2022	Nautilus	Marlborough, New Zealand	60

*The Loire Valley cradles the same-named river, the Loire, France's longest. It is Sancerre and Pouilly-Fume (either side of the river) that is famous for sauvignon blanc, while further down the river Saumur seriously shines for chenin blanc (see below).*

2021	Jonathan Didier Pabiot <i>Elisa</i>	Pouilly Fume, Loire, France	120
2020	Domaine Tabordet <i>Champs des Chaumes</i>	Pouilly Fume, Loire, France	135
2022	Pascal Jolivet	Sancerre, France	140

## CHENIN BLANC

*We believe chenin blanc to be one of - if not the most - underrated wine styles in the world. It's vigorous makes for high acid wines. Sometimes it gives off barley sugar and quince. No sh\_t. The MMAD Chenin from Blewitt Springs is, well, mmmm-mad. The Swan Valley chenin tells you why. Drink it.*

## WHITE 'RHONE RANGERS'

*White 'Rhône Rangers' are viognier, roussanne and marsanne: higher in alcohol, lower in acid, these three grapes are ideal blenders - shiraz/viognier in France's Nth Rhône Valley (see grenache and syrah pages) and also in Australia, where the climate is great for blends and single bottling.*

## **PINOT GRIS/GRIGIO**

*'Gris' - Fr: Grey; 'Grigio' - It: Grey. Though not always the case, p.gris is known for its refreshing citrus, whilst p.grigio takes on honeyed notes - honeysuckle, pear - finishing with a saline-line mineralness.*

2022	Castello di Roncade Grigio	Veneto, Italy	60

## **PINOT BLANC/BIANCO**

*P. blanc (or bianco) is a mutation of p. noir. Pure fruity aromas. Made traditionally for immediate consumption. Dal Zotto pinot bianco we particularly love! What don't we love about the King Valley's Dal Zotto wines!?*

## CHARDONNAY

### YARRA VALLEY

*The Yarra Valley has been the calling card of Australia's international chardonnay reputation; it's cool-climate and world-class names making wine closely aligned with Burgundy. Yarra Yering, established in 1969, is the jewel-in-the-crown; producing earthshakingly good wine.*

### MORNINGTON PENINSULA

*The famous 'maritime climate' brings to MP wines refined, nuanced wines from 'down the hill' - Dromana, Merricks, Moorooduc (local vintners divide the region in half) where sandy-soils match the cooler temperatures of being closer to the Westernport and Port Phillip bays. The warmer, sunnier 'up the hill' climes of Main Ridge, Red Hill make for chardy that's fuller and peachier with more power in the flavour.*

## PINOT NOIR

### YARRA VALLEY

*Australia's premier cool-climate p. noir region, with Yarra Yering an international standout. Rule of thumb (i): Yarra Valley - light-to-medium bodied, strawberry and spice. ### MORNINGTON PENINSULA

*Mornington Peninsula - rule of thumb (ii): this very polished region of maritime climate splits itself into 'up-the-hill' and 'down-the-hill' sub-regions: dark and brooding p.noir, thick with whispers of soy sauce and asian spice made a few miles only from some pretty, ethereal pinots with clever cherry and a sexy salinity.*

VOSNE-ROMANEE

## GRENACHE

*Exclusively a delicious single variety that's a soft, juicy and trustworthy wine that makes you just want to slurp it bottle after bottle. Included in famous Sth Rhone styles with minor percentages of shiraz and 'the dog strangler' mourvedre. In Australia, grenache was long considered a simple, sniggered-at lolly raspberry-frog thing: high in alcohol, (too) fruit forward. In these latter days, Australian grenache (and its GSM blends) have become heroic in flavour, complexity and mouthfeel.*

*Some breathtaking Rhone masterpieces below; Australian icons including Clare Valley Best 10 yr Medallist Kenny Wine Sevenhills : a great place to start.*

*Would be wrong of us not to shine a torch on **2017 Chateau de Beaucastel**, in a nod to our friend and winehero Paul Bryant (1976-2022).*

## SYRAH

*The difference between 'Syrah' (the variety's original name in the Old World, especially the northern Rhone, it's French birthplace, where it is sometimes blended with the white Rhone grapes) and 'Shiraz', is that Syrah is generally lighter in body and alcohol, and has more polished tannins than the fuller, richer Shirazes...*

### NORTHERN RHONE

*There is a mistral wind that cools the Northern Rhone, where the only red grape allowed, Syrah, flourishes, as does the superb blending whites that add (where blended) offer delicacy and perfume to syrah wines. Subregions enjoy different blending rules.*

## CABERNET SAUVIGNON

*From its regality of Bordeaux, Cabernet Sauvignon is, truly, the king of wines. Thanks to a major river system famously split into two sub-regions, and sub regional styles (Left Bank - Cabernet-based wine; and Right Bank, where merlot is either bottled as a single variety or as its dominant grape: making each regional style seriously different, but both seeking world acclaim. Classified by wine law in 1855, Bordeaux (BRDX, the new sexy shorthand), has somehow fallen out of favour (much to do with the advent of chardonnay, pinot and shiraz and their stampede of popularity...)*
